

Puppy Plans!

Home

Announcing the intended breeding between **SOLO** (Ch. Calia Sacre Bleu, CGC) owners Steph Bunch & Carole Ecklund & **TART** (Ch. Roulet's Ganache Tart, PT) owner Barbara Peach

We are so excited to finally be able to respond to the many inquiries regarding puppy plans! This breeding has been carefully selected to produce very "typey" Belgian Malinois of **superb structure, superior working abilities**, and Solo's well-known **outstanding temperament**. Tart and Solo each compliment the other extremely well (the expression "made for each other" fits perfectly!) and we are eagerly anticipating the results of this match!

The breeding is planned for early 2008, with a goal of producing pups during warm weather (with Tart's cooperation!) Also, Solo has a number of tests to be run prior to this breeding-OFA, CERF, Thyroid and others will be completed and within appropriate tolerances before any breeding will be undertaken...but for those of you who have wondered and waited...YES!! Solo's going to be a daddy!!!

Solo ▲ ▼ Tart

Our breeding philosophy is simple: Only to enhance the breed.

Both sire and dam are the result of many generations of careful breeding, and have added to the breed's credibility and presence. Our desire is first and foremost to create beautiful, healthy companions for active lifestyles. This litter has been crafted specifically by the breeders to produce puppies for themselves, as future foundation dogs and beloved family members. Inquiries for puppy homes are welcome, consideration will be given to working/performance homes due to the high potential of these special puppies.

Inquiries welcome, please contact:
